Methodology

Insurance companies are evaluated and must pass minimum thresholds to be considered for the Ward's 50 designation.

Safety and Consistency Tests

Each company must pass primary safety and consistency tests, including:

- Surplus and premiums of at least \$50 million for each of the five years analyzed
- Net income in at least four of the last five years
- Compound annual growth in premiums between -10 percent and +40 percent

Performance Measurements

Companies that pass the safety and consistency tests are measured and scored on the following elements:

- Five Year Average Return on Average Equity
- Five Year Average Return on Average Assets
- Five Year Average Return on Total Revenue
- Five Year Growth in Revenue
- Five Year Growth in Surplus
- Five Year Average Combined Ratio
